

The FAA Safety Team presents:

## Stop Taking Chances!

The National Transportation Safety Board (NTSB) has listed risk management among the "Most Wanted" improvements in general aviation. Though the stated causes of accidents often reflect the usual fuel, weather, maneuvering trio, the pilot decision-making process (or lack thereof) is often at the heart of the problem. Featured speaker David St. George, a FAA Safety Team Lead Representative and FAA Designated Pilot Examiner will present a systematic approach to managing the risk in your flying. Don't miss it! Click on the link below and register TODAY!

**Directions:** Follow State Route 13 North from the City of Ithaca under 2 overpasses to the top of the hill. The next light is Warren Road, turn left then your first right (about .5 mile) is Brown Road (airport entrance). Go straight to the red brick building with the airport beacon on the roof (this is the airport administration building).

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

### Event Details

**Tue, Feb 11, 2014 - 7:00 pm**  
**Ithaca-Tompkins Regional**  
**Airport**

72 Brown Road  
Ithaca, NY 14850
